	The following are production figures of the mines, briquette factories and carbonization plants in the Weissenfels area:
l.	Brown Coal Plant in Deuben:
	The Deuben plant consists of a carbonization plant and a briquette factory; there are no mines or open cast workings directly under control of this plant.
	Daily output: 3,000 tons briquettes 350 " brown coal tar.
	The 350 tons of tar are sent to the Brahag works at Zeitz-Troglitz for gasoline production. There is a small gasoline plant at Deuben itself, which covers the needs of the factory only.
2,	Mino "Einheit" (vorm, "Otto Scharff" Grubo).
	The daily output is 9,500 tons of raw brown coal per day. Of these 7,500 tons of brown coal are sent to Douben every day. The coal has a water content of 55%.
3.	Werk Theissen.
	The Theissen briquette factory has an output of 1,000 tons per day. The power station produces approximately 24,000,000 KWH per month.
4.	Werk Groitzschen.
	The output is 500 tons of briquettes per day. The plant includes a small candle factory.
	All Cotts, with \$100, \$100 ft (100)
